### Location

The terraced house is located in the Castillo de Lagos urbanisation, in the Lagos area of Torrox. The surroundings offer a wide range of services, including supermarkets, shops, health centres, schools, and a varied culinary scene.

### Layout

The property has a southeast orientation, a built area of 133m<sup>2</sup> and a usable area of 103 m<sup>2</sup>, a 70 m<sup>2</sup> terrace, and a large 91 m<sup>2</sup> garden. It is distributed over two floors:

### Ground floor

It is distributed into an entrance hall, a hallway, and three bedrooms with built-in wardrobes. The master bedroom has an en-suite bathroom. One of the bedrooms has access to an open terrace and the garden. A second full bathroom serves the other rooms. A staircase provides access to the first floor.

### First floor

It is distributed into a spacious and bright living-dining room, a fully furnished American-style kitchen, a laundry room, and a guest toilet. The main terrace and the house's garden are accessed from the living room, ideal for enjoying the Mediterranean climate all year round.

### Qualities

The house is built with top-quality materials. We highlight the armoured entrance door with a security lock, porcelain stoneware floors, and windows with thermo-acoustic double glazing for optimal insulation. The climate control, for both hot water and hot-cold air ducts, is provided by Aerotermia. The kitchen is furnished and equipped with appliances: an induction hob, extractor hood, oven, refrigerator, and dishwasher.
